5. (Confidential - GLC) Received a call from Jim Woolsey, Senate Armed Services Committee staff, who said that they would like to have copies of our answers to Senator Baker's letter of 8 November 1973 and Colby's response if it was available. I told him they had not been finalized as yet, but said we would do our best to have them ready for Mr. Colby by tomorrow.

6. (Confidential - GLC) Talked with Jim Calloway, Counsel, Senate Appropriations Committee, again and told him we still had no definitive information from the House Armed Services Committee regarding the former Agency employee in whom Calloway has an interest. I told him we would let him know as soon as we heard something about the House Committee's decision about employing this man.

7. (Confidential - GLC) Talked with [REDACTED] IC Staff, and told him that the Director was willing to make a statement to the Commission on the Organization of the Government for the Conduct of Foreign Policy regarding the sensitivity of the subject matter which would be covered in his briefing but he would prefer to have Tom Reckford, of the Commission staff, brief the Commission members on the physical security arrangements that would be in effect during the session on the 19th.

8. (Unclassified - GLC) Received a call from Joel Merkel, on the staff of Senator Henry M. Jackson (D., Wash.), pressing me for an answer on the draft language proposed for inclusion in Senator Nelson's resolution to establish a Joint Committee on Domestic Intelligence. I told Merkel that I just had not had an opportunity to focus on this any further, that our General Counsel people were looking at it as well and I would be back in touch with him as soon as possible.

9. (Confidential - GLC) Consulted [REDACTED] about the ground rules covering Dr. Kissinger's address to Agency employees on the occasion of CIA's 25th anniversary. Neither of these men had specific knowledge regarding the arrangements covering this appearance by Kissinger, but we all agreed that we should not quote from that address unless we had some assurance that Kissinger would not object. We are not pressing the matter further at this point.
